Business Model

A1ELOS operates three synergistic revenue streams, each reinforcing the others and collectively de-risking the overall revenue profile.

1

B2C Direct Sales

Personalized numerology reports sold directly to end consumers through our global multilingual platform. Low price point drives high volume; AI personalization drives retention and word-of-mouth referrals.

2

B2B Corporate Bonus

Customized enterprise numerology packages for HR teams, marketing departments, and corporate clients. Bespoke scope and pricing with progressive volume discounts, underpinned by DUNS-verified credibility.

3

Geolocated Advertising

Premium banner placements segmented by country, continent, or worldwide audience. Fixed and time-limited contracts available, with contractually assured annual price adjustment provisions.

Media Rate Card — Advertising

A1ELOS offers brands, agencies, and media buyers premium, numerology-audience-targeted advertising placements with guaranteed visibility across our 12-language global platform.

Country	US\$160 / month	US\$100 / month
Continent	US\$360 / month	US\$240 / month
Worldwide	US\$700 / month	US\$500 / month
Exclusive Sponsorship	US\$1,200 / month	US\$900 / campaign

Fixed Banners

Higher value for sustained, always-on brand exposure. Ideal for brands seeking continuous presence with a globally engaged, spiritually curious, high-intent audience.

Temporary Campaigns

30, 60, or 90-day campaign windows at a more accessible entry price. Perfect for product launches, seasonal promotions, and new-market entry strategies. Annual price updates contractually assured.

Year 1 Financial Projections
